Mary, Star of the Sea School

LETTER FROM THE PRINCIPAL

Welcome to Mary, Star of the Sea School!

As your partner in education, it is with great pleasure to provide a safe dynamic Catholic learning environment where each STAR student is given the opportunity and encouragement to reach his or her full potential.

The purpose of the Student/ Parent Handbook is to give Mary, Star of the Sea School students and their parents an understanding of the general rules and guidelines for attending and receiving an education in our institute. This handbook is prepared with the belief that all students, when provided with the correct information, are capable of making sound judgments relating to the interests of themselves, others, and the school. Students and their parents are expected to take an active role in our school. It is through participation in activities that individuals gain feelings of satisfaction and ownership.

School policies and procedures are reviewed annually and are subject to modifications. New or modified policies will generally supersede the provisions found in the Handbook. If the Administration revises the Handbook during the school year, these changes will be communicated to parents and students.

We appreciate your cooperation and support of the MSOS Student and Parent Handbook guidelines in creating a safe and nurturing educational environment

**God Bless and Mahalo,
The MSOS Faculty and Administration**

OUR STORY

Mary, Star of the Sea School was established by the Marist Community in 1946. Situated in the foothills of Waialae-Kahala, East end of Honolulu, on a spacious 14-acre site, the school first consisted of an elementary and junior high with grades K to 8. The high school was established in 1952 and then closed in 1989. In 1980, an early learning center was added as part of the Mary, Star of the Sea Schools.

Mary, Star of the Sea School was originally staffed by the Sisters of Notre Dame de Namur who came to Hawaii from Boston. The school was recognized for its reading and language arts program. It was a laboratory of the Spalding Method of Instruction, made successful by the enriching dimension of creative and innovative teaching.

In June of 1994, the few remaining Sisters of Notre Dame withdrew after a depletion in personnel. The Sisters of Saint Joseph of Carondelet served as administrators from 1984 to 1991. The high quality of education begun by the founding Sisters continues today with highly qualified teachers who are dedicated to Christian value education and academic excellence.

In 2004, the Marist community withdrew. Today, the Parish and Schools are administered by the Blessed Sacrament Community. The school is facing the future with hope and confidence. Its new programs give it strength and academic prestige.

 1. 1st Time Offense – Warning
 2. 2nd Offense – Phone will be sent to the office for student pick up from the Principal.
 3. 3rd Offense – Phone will be sent to the office for student pick up from the Principal and parent will be notified.

Many of our students are currently wearing **smart watches** such as Apple watches, Gizmo's, FiLIP's, etc. to school. We recognize that they are an excellent way for parents to communicate with their children; however, we are observing that students are receiving texts, and sometimes calls, on their watches during the school day.

We have made the decision to treat student smart watches in the same manner as cell phones. Students may wear their watches to school, however, upon entering the campus, they must put them in their backpacks and keep them there until school has ended and they leave the campus. We appreciate your support with this policy.

CHANGE OF ADDRESS & TELEPHONE NUMBER

Please be certain to submit a written notice to the school office in the event of a change in address or telephone number.

CAFETERIA

The School Cafeteria Policy aims to provide a safe and healthy dining environment for students, promoting nutritious meal choices, fostering good eating habits, and ensuring an enjoyable experience for all.

Meal Planning and Nutrition

Nutritional Standards: The cafeteria will adhere to established nutritional guidelines set by relevant authorities, ensuring that meals meet the recommended daily intake of essential nutrients.

Meal Service

- a. **Serving Line Procedures:** The cafeteria will implement efficient serving line procedures to minimize waiting time and maintain a smooth flow during meal periods.
- b. **Portion Control:** Appropriate portion sizes will be provided to encourage healthy eating habits while avoiding excessive food waste.
- c. **Self-Service Stations:** Self-service stations for fruits, vegetables, and condiments will be available, promoting student autonomy and encouraging healthy choices.

Eating Environment

- a. **Seating Arrangements:** The cafeteria will ensure adequate seating capacity to accommodate all students. Tables and seating arrangements will be regularly cleaned and maintained.
- b. **Positive Atmosphere:** Promote a positive and respectful dining atmosphere, fostering social interactions, and discouraging disruptive behaviors.
- d. **Food Sharing:** Sharing food is not allowed to prevent the spread of allergies and ensure adherence to dietary restrictions.

Healthy Snacks

Parents/guardians are encouraged to provide healthy snacks from home, reinforcing the importance of balanced nutrition beyond the school cafeteria.

TRANSPORTATION

The Bus services accommodate Mary, Star of the Sea School students by providing a regular bus line that arrives on Malia Street at about 2:45 p.m. each day. This bus will transport students along the Lunalilo Home Road and Hawaii Kai routes.

Students riding in the Kaimuki direction board the regular Kalihi route.

CODE OF CHRISTIAN CONDUCT COVERING STUDENTS, PARENTS, AND GUARDIANS

The student's interest in earning a quality, morally based education can be enhanced if students, parents, and school officials work together. Hopefully, differences that may arise between these individuals can be resolved. In some rare instances however, the school may find it necessary, in its discretion, to require parents/guardians to withdraw their child.

It shall be an expressed condition of enrollment that all students behave in a manner, on and off campus that is consistent with the Christian principles of the school, as determined by the School, in its discretion. These principles include, but are not limited to, the policies, principles, or procedures set forth in any student/parent handbook of the School.

These Christian principles further include, but are not limited to the following:

- Parents/guardians are expected to work courteously and cooperatively with the School to assist with the student in meeting the academic, moral, and behavioral expectations of the School.
- Students and parents/guardians may respectfully express their concerns about the school. However, they may not do so in a manner that is discourteous, scandalous, rumor-driven, disruptive, threatening, hostile, or divisive.
- These expectations for students and parents/guardians include, but are not limited to, all school sponsored programs and events. (e.g., extended day care, athletics, field trips, etc.)

The school reserves the right to determine which actions fall short of meeting the Christian principles of the school. Failure to follow these principles will normally result in a verbal or written warning to the student and/or parent/guardian and normally will first result in disciplinary action short of a requirement to withdraw from School. (e.g., suspension of student or suspension of parent/guardian's privilege to be on campus and /or participate in Parish/School activities,

volunteer work, etc.)

SAFE ENVIRONMENT

PRIVACY RIGHTS AND CONFIDENTIALITY OF RECORDS

Privacy rights of parents and students require care in the keeping of student records and caution in using them. Student records are closed to all except authorized persons of the school as indicated. No information shall be made available to anyone else without prior consent of parents (or students over 18 years of age).

Parents or legal guardians have the right to review the complete file containing their children's school records. They have the right also to challenge the accuracy or the relevancy of information.

Mary, Star of the Sea School abides by the provisions of the Buckley Amendment with respect to the rights of non-custodial parents. In the absence of a court order to the contrary, a school will provide the non-custodial parent with access to academic records and other school information regarding his or her child. If there is a court order specifying that there is to be no information given, it is the custodial parent's responsibility to provide the school with a court-certified copy of the court order and to update those records, as necessary.

Student record information shall not be given over the telephone.

ACCESS TO STUDENT RECORDS

To safeguard confidentiality, the following procedure is required:

- a. Teachers, because of their "legitimate educational interest," are granted access to records of students they teach.
- b. Clerical staff designated by the Head of School may have access to student records for purposes of making entries or maintaining records, but they shall do so under the supervision of the Head of School. This same procedure should be followed when requests are made by licensed personnel of the Department of Human Services.
- c. The student's parents or legal guardian have the right to inspect all of their student's records in the presence of the Head of School or his/her delegate. However, behavioral records (e.g., counselor's reports) shall be inspected only in the presence of a person qualified to interpret the records. The school should make reasonable effort to comply with legitimate requests for inspection of records.

If a parent believes records are inaccurate, inappropriate, misleading or otherwise in violation of the privacy or other rights of the student, he/she should meet informally with the staff person responsible for the record in an attempt to resolve any problems. If the staff member does not agree that the record should be changed and the differences are not resolved, the parent may enter into the student record his/her explanation of the record.

- d. When student records are requested by any person other than school administrators or those designated in a, b, and c above, the school shall notify Hawaii Catholic Schools Office and inform the requester that Hawaii Catholic Schools Office will make the determination.
- e. Each school shall maintain a record, with the education records of each student, which will indicate all parties other than diocesan officials and local school personnel who have obtained access to a student's records. This form, indicating the legitimate interest that the eligible party had in seeking the information, shall be available only to the parents of the student and to school officials responsible for maintenance of records.
- f. The school may not withhold student transcripts for non-payment of tuition or fees. However, student report cards or diplomas may be withheld. The best legal consequence of non-payment of tuition or fees is to cease services for the student.

SAFE ENVIRONMENT CURRICULUM

The "Policy on Allegations and Incidents of Sexual Misconduct" promulgated by the Diocese of Honolulu is incorporated in this handbook by this reference. A copy of the policy is contained in the handbook, "To Offer Healing, To Restore Trust", first published January 8, 2004. The handbook is available from the school.

The Church endorses the mandatory reporting provisions of H.R.S. Chapter 350 concerning child abuse. All staff members and teachers are required to sign an acknowledgement that they have read and understood the ethical and personal conduct policies of the Diocese of Honolulu.

EMERGENCY CLOSING

Conditions such as inclement weather and unsafe facilities may necessitate the closing of the school. Our policy is to follow the decision of the Department of Education and the Catholic School Department. If the public schools in the area close, we will also close. For information about school closing, the Administrator will make an announcement through our Connect-Ed broadcast and our local radio stations. The decision to close the school for emergency reasons shall be made at the sole discretion of the Administrator.

BEEHIVELY ALERT

We have implemented an alert and notification service throughout Mary, Star of the Sea School. BEEHIVELY TEXT ALERTS will enable us to personally communicate with parents about emergency situations, school events and important issues impacting your child. It will allow us to send personalized voice messages to your family’s home, work or cell phones, e-mail communications, and even text messages.

We will be able to reach everyone within minutes.

SUMMARY

In summary, please be assured that we will take good care of your children during any emergency or disaster. Several suggestions are appropriate:

A good rule of thumb for closure:

- a) If it is announced over the radio or television that the public schools are closing, we will also in all likelihood be closing. Under no circumstance, however, will we close until all parents have been notified and all children have been picked up by their parents or designee.

- b) Do not call the school during emergencies. Keep the telephone lines open and available for those who have urgent needs.

- c) It is essential that families establish individual and family plans for tsunami, hurricane, earthquake, and flooding. These plans should identify what preparatory actions should be taken for each hazard. They should include where shelters are located and how you will travel to them if evacuation advisories are issued, what you plan to do if family is separated, what type of survival supplies you will need, etc. Such information can be obtained from the Civil Defense Agency at 523-4121.

CODE OF BEHAVIOR

Catholic education is an expression of the mission entrusted by Jesus to the Church He founded. Through education, the Church seeks to prepare its members to proclaim the Good News and to translate this proclamation into action.

Since the Christian vocation is a call to transform oneself and society with God's help, the educational efforts of the Church must encompass the twin purpose of personal sanctification and social reform in the light of Christian values."

(To Teach as Jesus Did: National Catholic Bishops, 1972, p.7)

In line with this statement, the function of Mary, Star of the Sea School is to offer the option to parents who want their children educated in a Christian setting. The school guides each student toward a positive self-concept, stressing the uniqueness and importance of self through spiritual, intellectual, emotional, social, cultural, and physical development based on love, understanding, and justice.

The contractual relationship entered at registration is interpreted as a readiness on the part of the student and his/her parent to comply with all the rules and regulations of the school.

Students are to refrain from behaving in any way that may cause harm to themselves and others. Therefore, possessing, using, and/or supplying drugs, including alcohol and tobacco on campus, at a School related event, or on a School sponsored trip, is strictly forbidden.

After being made fully aware of these responsibilities, repeated persistent lack of cooperation will necessitate further action.

Where our efforts prove ineffective, suspension will ensue until a student- parent-teacher-Principal conference is held and a course of action agreed upon. If the problem is not corrected, the student will be asked to leave Mary, Star of the Sea School.

STUDENT CONDUCT

The formal policy that is implemented at Mary, Star of the Sea School regarding suspension and dismissal is guided by Christian values for proper behavior.

Each student understands that he/she:

1. Will perform no actions that will be injurious to himself/herself. (such as using drugs, alcohol, or tobacco; running on stairs, lanais, or in the classroom; swinging from doorways, trees; hanging over railings, fences, etc.)
2. Will perform no action that will be injurious to another. (such as throwing stones, books, etc.; physical or mental abuse such as fighting, tripping, malicious name calling, pushing, hitting, biting, etc.)
3. Will do no injury to another's property. (such as damage to student's personal property, classroom furniture, materials, equipment, defacing school buildings, etc.)
4. In action and word will obey and be respectful toward school personnel. (such as obedient to direction or request of any school faculty member, aide, or parent volunteer; will not strike any school personnel, will not be absent without parental permission, etc.)

BULLYING POLICY

One of Mary, Star of the Sea School's concerns in guiding students is to provide them with opportunities to make informed decisions and regard themselves and others with dignity and respect.

In line with the above statement, the School is aware that bullying is a form of disrespect and will not be tolerated by members of the School's community. Therefore, all members of the School's community are expected to discourage, intervene, report, and address bullying behavior.

Bullying is defined as an abuse of power by an individual (or group) who deliberately targets others for repeated physical and/or psychological

abuse. Bullying behaviors include, but are not limited to intimidation, threats, menacing, taunts, teasing, spreading rumors, and other psychological and/or physical abuse. Bullying can also include isolation or exclusion of another with the intent to be hurtful.

This policy is intended to serve notice to students, their parents, and all members of Mary, Mary, Star of the Sea School's community, that bullying is an immediate cause for intervention consistent with the disciplinary policy outlined in the School Parent-Student Handbook.

SCHOOL WIDE DISCIPLINE PLAN

The classroom is a center for learning. The School aims to guide students and provide them with opportunities to make informed decisions and to regard themselves and others with dignity and respect. This requires the establishment of an atmosphere conducive to effective learning and teaching.

Therefore, the faculty and staff of Mary, Star or the Sea School reserves the right to censure or penalize students for behavior not in keeping with Christian values.

The following is an outline of the school-wide discipline plan that will be in effect throughout the year. The list of behaviors is by no means comprehensive but provides some direction to help guide disciplinary action. Learning Expectations

CURRICULUM

Mary, Star of the Sea offers an authentic academic program, dedicated to Christian values that prepares students for the future, while teaching to the whole child.

The primary aim of Catholic education is to help a person live a deep spiritual life. Students in grades 1-8 attend Mass weekly as a group. Parents are cordially invited and encouraged to attend these liturgies. The Sacrament of Reconciliation is offered to during Advent and Lent. The students also participate in the Stations of the Cross during Lent.

Non-Catholic students are expected to attend the weekly school Mass, as well as to participate in all prayers and school liturgies and religious services. However, the only exception to religious participation for non-Catholic students is receiving a blessing rather than receiving the Eucharist at Holy Communion. The Sacrament of Eucharist is reserved for those who have made full profession of faith in the Catholic Church through Baptism and First Holy Communion.

Second grade students will be provided the necessary instructions and catechesis for receiving the Sacraments of Reconciliation and Eucharist.

The school provides instruction to students in Kindergarten to Eighth Grade, and is accredited by the Western Catholic Education Association (WCEA) and the Western Associate of Schools and Colleges (WASC). The school's curriculum is structured to foster growth in students through the student learning expectations (SLE's), while actively teaching students to become a **STAR** (*Self-Aware, Confident Individuals, Teachable Lifelong Learners, Active Christians and Responsible Citizens*) The school's Catholic identity is especially evident in the SLE's and is integrated throughout service projects, extracurricular leadership development opportunities, as well as, within our advisory and core subject curriculum.

Along with a rigorous curriculum that follows Catholic School Standards and National Standards, the school is committed to providing students with the knowledge and skills necessary for success in the diverse, interconnected world by giving students the opportunity to learn by experience. Mary, Star of the Sea believes in interdisciplinary learning,

enabling students to make connections across all disciplines to explore a theme or an issue, solve a problem or complete a final project. The school nurtures a global mindset by allowing students to learn about other cultures and perspectives. Hawaii is a unique place, making it essential for students to learn about the 'Aina, Hawaiian values, traditions and beliefs. Learning is student-centered and personalized for each student based on their own unique skills, interests and abilities. Students are empowered to think critically and creatively, communicate effectively, and collaborate with their peers. Students are encouraged to have a growth mindset, while being challenged and given the opportunities to take risks and learn from mistakes.

The school is divided into three basic divisions. [The Primary division](#), (Kindergarten- 3rd grade) is self-contained, with students attending specialization classes on a weekly basis. In the [Intermediate division](#), (4th-5th grade) student's travel between core subject teachers. Intermediate students also attend specialization classes on a weekly basis. Finally, the [Middle School division](#), (6th-8th grade) students enjoy the expertise of six core subject teachers. Regular Home/School Communication is encouraged throughout the school year. Formal Parent-Teacher Conferences are held twice during the school year.

In addition to these conferences four formal written reports are sent to parents of students in grades K-8, at the end of each quarter.

Mary, Star of the Sea School abides by the provisions of the Buckley Amendment with respect to the rights of non-custodial parents. In the absence of a court order to the contrary, a school will provide the non-custodial parent with access to academic records and other school information regarding his or her child. If there is a court order specifying that there is to be no information given, it is the custodial parent's responsibility to provide the school with a court-certified copy of the court order and to update those records as necessary.

CATHOLIC SCHOOL LEAGUE: GRADES 4-8

MSOS participates in the Catholic School League (CSL) sponsored sports programs. Eligible students may try out to participate in girls and boys volleyball, basketball, and track.

All students who plan to try out for a sport are required to complete a **Catholic Schools Waiver** form and take an annual sport/athletic physical examination prior to trying out for a team.

The sports' calendar is determined in August after school begins. The athletic director administers the sports program. While it is the intent of our athletic department to allow as many students as possible to participate in the sports program, parents should understand that participation is by scheduled tryouts and that some students may not be chosen for the team. No student has a right to be on a team or in any other extracurricular activity. Every student has the right to try out for a team or activity and to be fairly evaluated provided he or she has on file a medical form in which a doctor clears the student for play.

All medical conditions that could affect playing and/or health should be noted. It should be noted that there will always be an element of subjectivity in the selection process, and "cuts" made which may seem unfair and cause disappointment for the student. Parental assistance in helping their children understand this important life lesson is requested. Through sports participation each member of a team will learn to set and achieve goals, to support the team's effort, to develop a positive attitude, and to learn responsibility. Athletes are taught clean and competitive play, while adhering to good sportsmanship at all times.

Sports Season and Tryout Dates Specific sports season dates are made by the Catholic Schools League in early August and provided as available. Tryout dates will be announced to students during morning assembly at least one week prior to the tryouts and via the school's weekly newsletter. Subsequent announcements are generally made during P.E. classes each day. Permission slips will be available to students immediately following the initial announcement of a scheduled tryout. Permission slips for participation in tryouts are mandatory and must be returned promptly by the date designated. This allows adequate time for the health room coordinator to pull medical records for the athletic department review. Students who do not return their tryout/physical permission slips on time or do not have documentation of a current physical exam/sports medical waiver on file in the health room prior to trying out will not be allowed to try out or practice. No late forms are allowed.

Academic Responsibility. Students participating in MSOS sports program and extracurricular activities must maintain a grade point average of 70% or higher in all core subjects (Religion, Math, Science, Social Studies, and Language Arts). An F grade in any subject will result in suspension from play for a minimum of one week. Grade and conduct checks are made prior to final team selection and once weekly on Thursdays during the season. Students who do not have a 70% or higher will not be selected to participate. If a student does not maintain this average during the activity/playing season, he/she will be suspended from play/participation (minimum loss of time = 1week) until the average is raised. When on academic suspension, the student may not participate in the activity sessions, practice with his/her team, or be allowed playing time during games. If subsequent grade checks show no improvement, the student must continue on week-to-week suspension and can be dropped from the activity or team play for the remainder of the season, including tournament play.

Practice Schedule/Sessions The team/activity practice schedule will be announced after final selection. A printed schedule is also given to each athlete prior to the first practice session. Practice schedules are mandatory, and two unexcused absences will result in the student being dropped. Students must notify the athletic director, coach, or activity sponsor in advance that they will not be attending. Parents and students alike should be sure of their schedules before committing to any of the academy's programs. Participation teaches commitment to oneself and other team players as well as working toward a common goal. Parents and students who are unable to accommodate the practice schedule with total commitment should not participate in the programs made available.

Uniform Policy Students will purchase a sports uniform for competitive play. Only uniforms issued by the school are allowed on the court or field of play. Uniform tops will be tucked in at all times and shorts may not be rolled at the waistband. All athletes will wear white athletic socks for all sport programs; colored socks or mixing and matching of socks are not allowed. No jewelry is allowed during practice/play. Uniforms must be clean and neat in appearance. Students are responsible for the care of the sports uniform.

Travel to Away Games Athletes must travel to all weekday away games via bus. MSOS provides a staff member chaperone to travel with athletes to all games. Athletes may leave with their own parents after the game, but must first notify their coach or the staff chaperones. Athletes cannot leave a game site with someone else's parent/guardian without a note from their parent/guardian. Non- participation notes must be given to the athletic director 24 hours before game day. Transportation priority is pre-arranged for athletes, chaperone(s), coaches, Principal/Assistant Principal and CSL

representative. With the proper permission slip, available seating will be on a first come, first serve basis to faculty and staff, family members, and to students of MSOS. Food and drink are not allowed on the buses.

Conduct MSOS athletes will hold their conduct to the highest standards as outlined by MSOS and the CSL. Athletes will assist with cleanup at the game site of all scheduled games before leaving the area. If they are playing the only game of the day or the last game of the day, athletes will assist with site breakdown as needed by the home team. Students who fail to behave appropriately during school, practice time, and game time will be disciplined in accordance with school rules and league requirements.

Site Setup and Breakdown for Home Games Athletes are required to set up and breakdown during home games. Duties include, but are not limited to, sweeping the court prior to volleyball and basketball games, setting up and breaking down tables and chairs, setting up players' benches, etc. No athlete will be allowed to leave until all duties are completed.

Pick-up after Practice and Games Parents must make arrangements to have the athlete/student picked up within 15 minutes after completion of the activity, practices and/or game. If parents fail to pick-up the student on time (twice), the student/athlete may be dropped from the team or activity. Disregard for this policy may lead to an automatic dismissal from the activity and any future participation in afterschool programs.

Violations Any athlete that is suspended from school for any reason will automatically be suspended from play. The status of the athlete will be handled on a case-by-case basis but generally will become ineligible for future play.

Coaching Staff Most of MSOS's coaching staff are volunteers who give of their own personal time to coach our students. They are members of our community who work full time, have families, and frequently volunteer their time to other agencies and organizations around Oahu. Hence, schedules for practices and meetings will be according to their availability. Coaches and their assistants are informed and briefed on the CSL and MSOS philosophy for sports programs and are responsible for parent meetings and the dissemination of information. Any parent/guardian who disagrees with the philosophy of a coach must voice their concerns with the athletic director at an appropriate time and not directly toward the coach. The athletic director will address any further discussion or action that may be required.

Parent/Guardian and Coaches Meetings The athletic department will schedule a meeting shortly after team selections are made. All

parents/guardians must attend. The meeting will discuss the philosophy of coaches, MSOS, and the leagues. All policies and procedures will also be further emphasized during this meeting. Parental support for policies and

SCHOOL SONG

School of our Lady, Star of the Sea
It is with pride we sing to honor thee.
Strong and courageous, loyal and true,
Whatever the fight we do what is right:
Forever true to you. So...

Stand strong together, shout everyone,
Raise high her banner, we have just begun
To sing of the name that is worthy of fame,
A school of great acclaim,
It's our own Star of the Sea.

Hope of our nation, youth, brave and free,
We march together in love and unity,
For God and Country, our motto will be,
We'll work to our noble democracy.
Reserve our liberty, in...

State of Hawaii, gem of the sea,
All differing races live in harmony.
Ah, look at our banner of blue and gold,
A sign that is well known
As the flag of victory.
